ROCKY MOUNTAIN CHAPTER

JAN-MAR

## M E E T I N G S

### Upcoming General Meetings and Events:

#### **January 26, 6:00 p.m. Sierra Club "Inning" (the opposite of an "outing")...**

...is our annual post-holiday party. It's a perfect opportunity to meet Pikes Peak Group members and to share your outdoor experiences. We'll provide the drinks - you bring your own plates and utensils (reusable?!), a potluck item to share, and your latest slides and pictures of your trips and outdoor activities in 2007!

#### **February 12, 7:00 p.m. Restoration on Pikes Peak: Successes and Challenges**

Join Eric Billmeyer, Associate Director of the Rocky Mountain Field Institute, for his discussion of current and future projects to restore the streams and wetlands on Pikes Peak and other activities of the Rocky Mountain Field Institute. Learn how you can help RMFI in this and their other restoration work.

#### **March 11, 7:00 p.m. Into the Wild of the Arctic National Wildlife Refuge**

In August 2007, Carol and John Stansfield visited the remote Sheenjek River valley in Alaska's Brooks Range and part of the Arctic National Wildlife Refuge. Their slide show of wild scenery and wildlife will affirm why the refuge must be protected in its entirety.

**General meetings and the Inning will be held at the community room of the Gay and Lesbian Center, 315 E. Costilla Street, Colorado Springs, 80903**
